Occupational Medical Practitioner

Life Employee Health Solutions: Coast East - Harrismith

Introduction:

A sessional vacancy exists for an Occupational Medical Practitioner, within Life Employee Health Solutions, Coast East; Harrismith, reporting directly to the Business Manager and indirectly to the National Clinical Standards Manager. The job entails the provision of professional healthcare services, to a Life EHS client, in Harrismith.

Critical Outputs:

To take responsibility for quality service delivery from a clinical perspective with specific reference to the following:

- The delivery of quality Occupational and Primary Healthcare and Emergency care services, compiling of COID claims and implementation of HIV/AIDS, TB and STI management programmes, where applicable and complying to legal requirements.
- Conducting of Occupational Health Risk Assessments, Compiling of medical surveillance matrixes , feedback reports for related Clients and implementation of relevant medical surveillance programmes at the identified and relevant Clients sites
- Assessment of medical surveillance results and identification of health trends with feedback to Clients on pro-active or preventative measures
- Conducting of relevant medical examinations and assessment of employees with regards to ability/fitness to work
- Assist with monthly and quarterly feedback to Clients, which includes compiling of reports and feedback meetings with Clients
- Support and assist with the evaluation of the on-site Nursing staff with regards to clinical competency and provide in-service training where necessary
- Facilitate compliance to on-site control measures with regards to medicine dispensing, ordering, and recordkeeping
- Assist the Regional and national Life EHS teams in their efforts to provide quality and cost-effective on-site healthcare services that meets the requirements and expectations of the Clients and facilitates legal compliance in relation to the on-site healthcare services being provided.
